

V1200Air

Meet your lightweight (2.6 lbs), toolbox-friendly roadside companion. This portable powerhouse delivers a 1200A peak current, capable of jump-starting 12V cars, motorcycles, boats, and fleets with up to 6.0L gasoline or 4.5L diesel engines. It also features 5 smart inflation modes for quickly and easily inflating tires. Equipped with 5-layer safety protection and a bright 3-mode LED light, the V1200Air offers versatile power and dependable peace of mind wherever you travel.

Features

- Powerful 1200A Peak Current: Starts engines up to 6.0L gas or 4.5L diesel.
- Versatile Air Compressor: Inflates tires in as little as 3 minutes.
- 5 Smart Inflation Modes: Easily select from Car, Motorcycle, Bicycle, Ball, or Custom modes.
- User-Friendly Safety: Incorporates a 5-layer protection system for safe and worry-free operation.
- 4-in-1 Utility: Functions as a jump starter, power bank, tire inflator, and emergency LED light for ultimate convenience.

Specs

- Peak Amps: 1200A
- Battery Capacity: 10000mAh / 37Wh
- Input: USB-C: 5V/2A
- Output: USB-A: 5V/2.1A
- Operating Temperature: -10°C to 50°C (14°F to 122°F)
- Inflation Pressure Range: 3-150 PSI
- Safety Features: Short Circuit Protection, Reverse Polarity Protection, Overcurrent Protection, High-Temperature
- Protection, Undervoltage Protection.
- Product Dimensions: 124 x 50.5 x 166mm (approximately 4.88 x 1.99 x 6.54 inches)
- Package Dimensions: 157 x 115 x 200mm (approximately 6.18 x 4.53 x 7.87 inches)
